STRIKE LEADERS ORDER WALKOUT AT BETHLEHEM

Committee At Pittsburgh
Orders Men to Quit
Next Monday.

BOTH SIDES AWAIT MONDAY AS CRUCIAL TEST OF STRIKE

First Week Is Virtual Dead-
lock — Steel Officials
Express Confidence.

Pittsburgh, Sept. 27.—The national committee for organizing iron and steel workers at a meeting here today ordered a general strike in the plants of the Bethlehem Steel company to become effective next Monday morning at six o'clock.

The first week of the great steel strike ended today with the situation a virtual deadlock while both sides waited with keen anticipation for Monday, when a crucible test will be afforded of the claims of the opponents' respective strength. Steel company officials professed the fullest confidence that the ranks of the other work week would see such defections in the ranks of the strikers that the back of the unions resistance would be broken. Leaders of the strikers were equally optimistic in their predictions that the ranks of their followers would not be seriously breached.

In the meantime the strike general were neglecting no effort to strengthen their position in anticipation of the coming test. Many definite changes in today and will be continued tomorrow throughout the Pittsburgh district, the strategic center of the battlefield, and union organizers strove increasingly to regain new recruits and notify the results of their predictions. The strikers were encouraged by the report that the unsponsored meetings held in the Youngstown area at which it was said the men had voted upon the question of returning to work, have so far resulted in no relief of the industrial paralysis which has gripped the Mahoning valley. On the other hand steel officials in the Chicago district continued their claims that increasing numbers of men were returning to work and announced the re-opening of more mills at Gary.

As far as threatened strike of the 40,000 workers in the plants of the Bethlehem Steel corporation is concerned, there is no definite change in situation. Neither side has given any intimation of yielding and the union leaders are continuing their preparations for calling out the men Monday.

STEEL PLANTS EXPERT MEN TO WORK MONDAY

Pittsburgh, Pa., Sept. 27.—The close of the first week of the steel workers' strike was not expected to see any radical changes in the situation. Both sides today virtually marked time waiting for Monday when both steel companies and strike leaders expect change. Steel company officials say they did not expect any considerable number of men to return to the mills today, but did look for a general influx with the beginning of the new week. Strike leaders are prepared to meet any alleged attempt on the companies to make a breach in the ranks of the strikers. Mass meetings were planned for late this afternoon, tonight and tomorrow in a number of places, in the expectation of seeing the men already out and persuade wavering workers to join the strikers.

Chief interest about strike headquarters today was the meeting of the steel workers' national committee. The meeting was called to take action on the proposed strike against the Bethlehem Steel company, called for Monday.

MANY OFFICERS WILL BE REDUCED IN GRADE

Washington, Sept. 27.—Under the authority recently given to maintain the commissioned strength of the army at 18,000, the war department today announced the number each grade would have. The list follows: General officers, 101; colonels, 693; lieutenant colonels, 797; majors, 2717; captains, 5408; first lieutenants, 5179; and second lieutenants, 2105.

In order that the officer lists may be cut to the above figures, inclusive of regulars, a general reduction in grades will be ordered. The majority of the officers now are graded on the basis of a total commissioned personnel of 200,000.

Designation of officers of the regular army who will be permitted to hold their temporary rank will be made by a board from the general staff. The board will have been completed prior to October 31.

POLICE SAVE NEGRO FROM OMAHA MOB

Omaha, Neb., Sept. 27.—A mob of 1,500 persons late last night attempted to take Will Brown, a negro, from police officers and a crowd. He had been arrested on a charge of attacking a young woman. Two-thirds of the police of the city were rushed to the scene and members of the mob beaten before the prisoner could be taken to the station. He was later removed to the county jail for fear the mob would storm the police station.

FIRST MAHONING VALLEY PLANT TO ATTEMPT WORK

Employees of Another Mill
Vote to Return at
"Proper Time."

With no trouble and few developments reported, chief interest in the steel strike in Ohio today continued to center in the proposal of union steel workers at Steubenville to march to Weirton, W. Va., next Monday afternoon in an attempt to organize the employees of the Weirton Steel company's plant which has been unaffected by the strike.

Secretary Frank Wilson of the Steubenville strike committee declared that from 5,000 to 8,000 men would march to Weirton and that he could not prevent them from going.

Governor Cornell of West Virginia sent another telegram to Governor Cox today, holding the Ohio chief executive responsible for development "should the march" be made.

Governor Cox sent a telegram to Governor Cornell stating that reports received from the sheriff at Steubenville indicated that plans for the march constituted nothing but a "hoax."

Officials of the Ohio works of the Carnegie Steel company at Youngstown announced that an attempt would be made Monday to reopen their mills. This will be the first effort at resumption in the Mahoning valley since the beginning of the strike. Employees of the company say they voted last night 82 to 29 to return to work at the proper time.

Conditions were quiet at Cleveland and Canton. Union leaders at Canton declared the steel mill department at the Timken Roller Bearing plant there has been closed because of the strike. The company would make no statement.

Youngstown, Sept. 27.—Following a canvass of employees as they received their pay today, officials of the Ohio works of the Carnegie Steel company announced that an attempt would be made on Monday to reopen the mill. The announcement marks the first effort at resumption in the Mahoning valley since the steel strike caused all its improvements on the Cox highway in Columbiana county have been discontinued because the shut down of mills have stopped the shipments of slag. Roads between Salem and Marietta and East Salem, foundations which were to have been laid before winter, will remain unfinished. Work on city streets here has also been stopped.

CANTON WORKERS ASK PROTECTION OF POLICE

Canton, Sept. 27.—Efforts of steel workers continue to be directed toward the plant of the Timken Roller Bearing company, to strike leaders insist that the steel mill department is now closed. Company officials will make no statement.

A written demand that the workers be given police protection has been handed Mayor C. B. Footman by a committee of the steel and iron workers. At a mass meeting here last night the workers unanimously condemned the action of the police employed at the Timken company while the Cleveland two men were shot and a dozen beaten.

POLICE READY TO STOP PARADE ACROSS RIVER

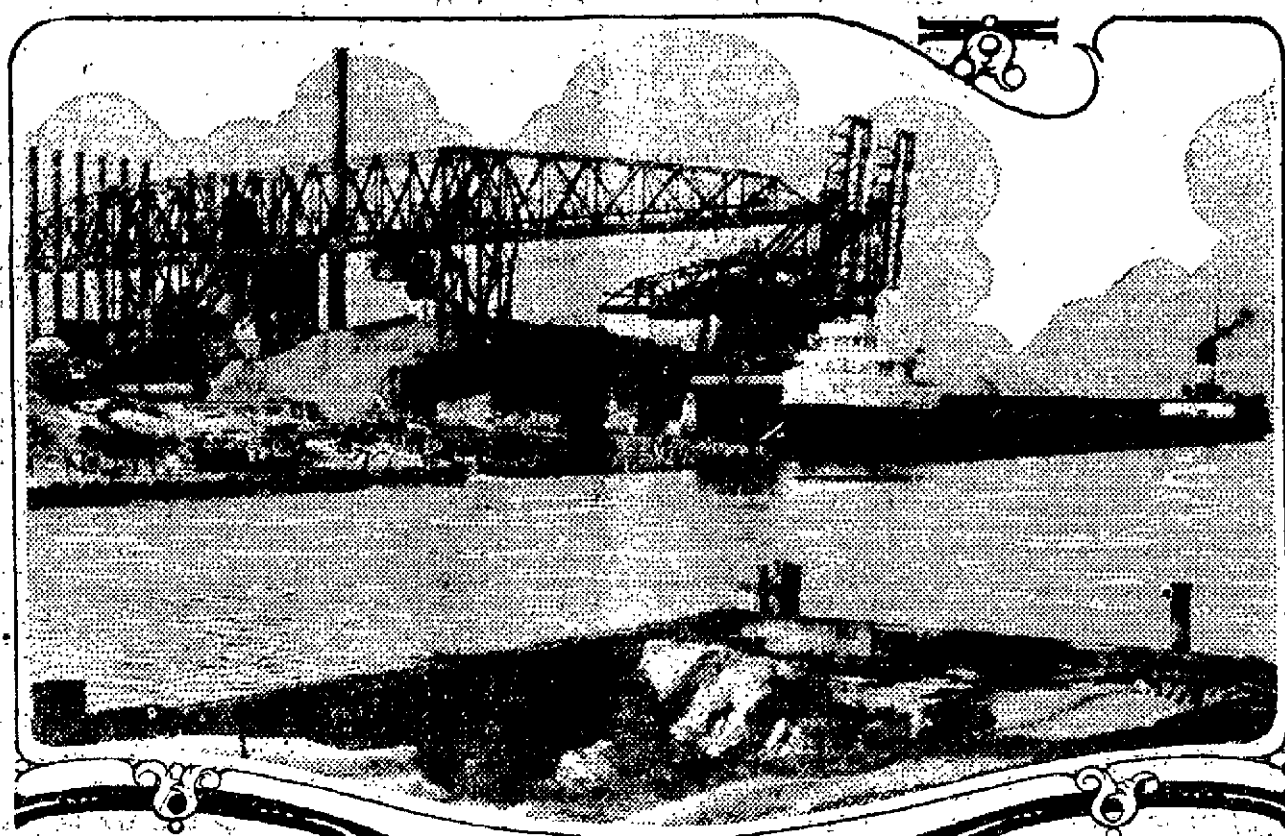

Steubenville, Sept. 27.—The steel strike in the local district was in a state of quietness today with the mills here and at Mingo closed and interest centered in the threatened march of Steubenville and Mingo strikers to Weirton, W. Va., next Monday afternoon, if the Weirton Steel company's plant there was still in operation. Secretary Frank Wilson, addressing a house meeting for Weirton workers who had failed to come out at the call last Monday, stated emphatically that such a parade would be held, that the men on the Ohio side of the river were determined and would march to Weirton five to eight thousand strong and that he could not prevent them from going.

The authorities here have taken no action as yet to stop the proposed parade but it is understood they will be ready to stop it Monday, if the parade is formed in this city.

A bridge spans the Ohio river here, leading to the West Virginia side. It is five miles up the river to the town of Weirton. H. L. Brooks, former chief of police at Clarksburg, W. Va., has a police force of 125 men in Weirton and the company claims they have 500 additional men from their plants deputized for emergencies. Sheriff A. S. Cooper of Hancock county, W. Va., (Continued on Page 2, Col. 3)

CLEARING HOUSE STATEMENT.
New York, Sept. 27.—The actual condition of clearing house banks and trust companies for the week shows that they held \$18,422,880 reserve in excess of legal requirements. This is an increase of \$71,609,020 from last week.

ENGLAND'S RAIL LINES TIED UP

Stoppage of Service Is Com-
plete as Result of Train-
men's Strike — Trucks
Haul Perishables.

London, Sept. 27.—The precipitancy of this action gives the impression of a deliberate and matured intention on the part of some individuals to seek a quarrel at any cost, said Premier Lloyd George in a statement today on the nation wide railway strike.

London, Sept. 27.—So far as could be learned at 10 o'clock this morning the members of the National Union of Railroad Men had walked out in a body and the stoppage of service was complete. Telephone and telegraphic reports to the executive committee of the union from distant centers show that local branches are supporting the committee's action.

Railroad depots here were open this morning, but with the exception of a few people who were not aware of the strike, they were deserted. Even officials of the Southeastern railway admitted their service had ceased, while subway trains had come to a complete standstill shortly after 10 o'clock. In the big eight yards motor cars driven by soldiers were carrying off perishable articles which arrived on late trains from outlying stations.

BALLOONS IN RACE TRAVEL NORTHWEST

St. Louis, Sept. 27.—None of the five contestants in the army-navy balloon race which started last night had reached a landing early today. Three of the craft represent the army and two the navy, one of the navy entrants being withdrawn because of a leak discovered at the time of starting. Shortly before midnight last night one of the balloons was reported to have landed in a northerly direction at an altitude estimated at 900 feet. Another report from Cape Girardeau, Missouri, said a balloon passed over that place early in the night flying low and traveling southwest. The latter report was considered puzzling in view of a later message from St. Charles, Missouri, recording the observation that the balloon was seen in the northwesterly direction. It is not a non-stop event and distance alone will be the deciding factor. Each balloon started with food and water for its two passengers for four days.

COOL WEATHER IS ON PROGRAM NEXT WEEK

Washington, Sept. 27.—Weather predictions for the week beginning Monday are: Ohio valley: generally fair; temperatures somewhat below normal early in the week, then normal thereafter. Region of Great Lakes: generally fair; temperatures below normal early days with frost probable nearly normal thereafter.

KENTUCKY CAMP'S FATE UP TO WAR DEPARTMENT

Louisville, Ky., Sept. 27.—Whether Camp Knox, Sitton, Ky., is to be abandoned by the war department as an artillery center will be decided by congress and the war department, when a report is submitted to the house military affairs committee, by a sub-committee which made a tour of inspection of the cantonment yesterday. Fourteen army officers who accompanied the committee, as did a number of the representatives. It is thought, however, that Camp Knox will be abandoned as construction work ceased last June and at least \$2,000,000 is said to be needed for its completion.

BELGIUM SENDS OUT PLEA FOR CATS' WAR KILLED 'EM

Brussels, Sept. 12.—Belgium, which is far ahead of any of the European belligerents in the process of reconstruction is in great need of cats.

The necessity is "urging" during the war we had no cats but we had no mice either. They had all died of hunger. Now that food is more plentiful the mice have reappeared in thousands. Unhappily the same cannot be said of cats. The result is that a dollar is being paid for a mere atom of a kitten. Oh, that our furry godmothers, England and France, would send us some cats.

GERMAN "BUG" IS CAUSE OF DEATHS

State Health Department
Says Poison Is Peculiar
to Canned Goods—Investigation Continues.

Columbus, Sept. 27.—State department of health officials announced today they have discovered the "bug" which caused the deaths of seven persons following a dinner at the Lakeside Country club at Canton August 23 and that it was contained in the bottle of ripe olives served at one of the tables. This finding corroborates the finding of the Stark county coroner who recently held that it was the ripe olives which caused the illness and deaths of the guests at the dinner.

Less than one-tenth of a drop of the fluid from the particular bottle of olives in question was found sufficient to kill a guinea pig. Other bottles of olives from the same stock were found to be harmless.

The organism which had been isolated is believed by health department officials to be the bacillus botulinus, which has been found to be responsible for many cases of food poisoning, especially food eaten uncooked. Efforts to definitely identify the bacillus are being continued in the laboratories of the department.

This particular "bug" which is of German origin thrives in the vacuum common to canned goods and according to health officers an occasional accident of this kind seems almost impossible to avoid.

FOOD BLOCKADE IS THREATENED

Germany Must Recall Its
Troops In Baltic Provinces
or Lose Food Sup-
plies From Allies.

Paris, Sept. 27.—The supreme council today decided to send the German government, through Marshal Poch, a note demanding the evacuation of Lithuania by German troops under drastic penalties for noncompliance.

The note informs Germany that her provisioning will be immediately stopped and the financial arrangements she has requested will not be paid if Lithuania is not evacuated.

Paris, Sept. 27.—If all German troops are not recalled from the Baltic provinces within a very short time, the allies will cut off supplies from Germany, re-establish the blockade and interrupt the repatriation of German prisoners of war, according to the Pigeon, which states a note to this effect is being prepared by the entente powers in answer to a communication from the German government, which stated that forces under General von Der Goltz were being retained in the Baltic provinces, because it was impossible to prepare a plan of evacuation at present.

American experts, the newspaper says, suggested these measures.

DANIELS WILL URGE MORE PAY IN NAVY

Washington, Sept. 27.—Increased wages for naval and enlisted men based on a sliding scale giving the lower paid officers and men the greater increase, will be recommended to congress by Secretary Daniels, when he appears before the senate and house naval committee next Monday it was learned today.

The secretary recently pointed out that naval officers have received no increases in pay since 1908 although the cost of living has greatly increased. Resignations of officers have reached the navy department in an alarming number, due it is said largely to the much higher pay to men of the same qualifications in civilian life.

ITALY'S MILITARY MEN SAY LEADERS SHOW WEAKNESS

Alarmists Predict Outbreak
of Civil War Because of
Fiume Incident.

GENERALS ARE IN LEAGUE WITH CAPTAIN D'ANNUNZIO

Cabinet May Resign As
Means of Averting
Strife, Reports Say.

Rome, Thursday, Sept. 25.—Alarmist reports are current in this city, one of them being that a civil war is imminent. On one side would be ranged the nationalistic military factions which would be opposed by the socialist. Several generals are credited with the intention of heading the militarist faction with a view to controlling the government, it being that they believe the weakness of these forces since the armistice caused the present deadlock.

Some of these generals have already been mentioned in league with Captain Gabriele D'Annunzio in the Fiume raid, with the object of overthrowing by force the Nitti cabinet and replacing it with a military dictatorship.

The navy is represented as being even more alarmed than the army, having, according to naval officers' statement, suffered more from the lack of consideration of their Anglo-French colleagues who has acted as if they were masters of the Adriatic and have favored Jugo-Slav claims. Foreign Minister Tittonio is said to have expressed the belief that the first thing to be done in the present serious situation was for the cabinet to resign, thus eliminating one reason for discord—opposition to men now in power. It is said his intention was the formation of a national cabinet including all the leaders of the chief political parties, which would give the government the greatest possible power under the circumstances.

Premier Nitti instead, considered that the resignation of the cabinet would lead to the admission of culpability and weakness, which would make the situation worse. He added that he "naturally was ready and desirous to be relieved of the tremendous responsibility if any one would suggest a man better fitted to cope with a terrible crisis."

Signor Tittonio was obliged to confess a conversation with the King it is reported, that he did not see any other politician having the statesmanlike qualities and force possessed by Signor Nitti, thus the idea of a resignation of the cabinet was abandoned but there is no prospect as yet of any amelioration of the gravity of the situation, nor is there a distant glimmer of a solution of the present deadlock.

Workmen numbering approximately 1,000,000 are on strike and dissatisfaction is growing everywhere at the constantly increasing cost of living. It is impossible for the government to pay any men in the colors exactly after having recently pardoned all deserters under the proclamation of amnesty.

Strenuous efforts are being made by official socialists to reach an understanding between the workmen and soldiers. They are urging the latter to refuse to obey either their officers of the government and they thus hope to organize in Italy workmen's and soldiers' committees which would lead to the formation of soviets and an upheaval of the whole social order. Nobody has suggested a remedy for this alarming state of affairs but the hope is expressed that some unforeseen crisis may hasten the things a turn in the right direction.

TOLEDO POLICEMAN WARNED.

Toledo, Sept. 27.—Efforts to thwart a move by Toledo policeman to unionize were made last night when Inspector Leutz warned the men against affiliating with a proposed union. He said a policeman could not carry out his oath to maintain law and order if he went to strike. The inspector cited the Boston police strike. Several policemen had signed up for the association of policemen of Toledo, Ohio, that \$125 a month is insufficient to maintain a decent standard of living.

ITALIAN APPEALS TO PEOPLE OF FRANCE

Paris, Sept. 27.—Captain Gabriele D'Annunzio, whose sensational raid on Fiume brought about serious complications in the Adriatic had written an appeal to the French, the text of which is printed today by Excelsior, it begins: "Brother of France, you know what we have done under the inspiration and protection of our God. The most Italian of the towns of Istria, today more Italian than Verona, Pisa, and Perugia, was lost to us under the menace of profanations and violations. The Captain D'Annunzio explained that through ill in bed, he rose and "under the influence of spirit" with his comrades took possession of the city and territory, some ships and a part of line of the aristocracy in a few hours. He declared soldiers sent against him have come over to his side with their arms.

SPOOK TELLS POLICE WHO KILLED COOPER

Nashville, Tenn., Sept. 27.—Spiritualism has been resorted to in an endeavor to solve the mysterious murder of Robin J. Cooper, prominent attorney, and upon testimony of Gabriel Hansen, physio-analytic detective, and Nora Lee, negro cook, have been held for the grand jury after a preliminary hearing. Hansen declared that in a spiritistic demonstration he "had seen Metcalf kill Cooper."

Cooper's body was found in a creek not far from his home with the skull crushed. The case has baffled the police.

COMPLETE REST IS PRESCRIBED FOR PRESIDENT

Condition Unchanged Ad-
miral Grayson, Person-
al Physician Says.

HAD CONSIDERABLE REST LAST NIGHT, IT IS SAID

Train Given Right of Way
and Top Speed East-
ward Is Ordered.

On Board President Wilson's Special Train, Sept. 27.—President Wilson, returning to Washington in a state of nervous exhaustion from his interrupted speech making tour, was described today as feeling "about the same" after a night in which he was able to get considerable rest.

Just before the Presidential special reached Indianapolis late in the forenoon, Dr. C. T. Grayson, Mr. Wilson's personal physician issued the following bulletin:

"The president's condition is about the same. He has had a fairly restful night. (Signed) 'Grayson.'"

His speaking tour for the peace treaty interrupted by illness and exhaustion, President Wilson was well along on his journey back to Washington today, to take a complete rest on the order of his physician.

His special train shunted off from its original schedule yesterday noon at Wichita, Kansas, was routed direct for the capital and had the right of way for a continuous run, the greatest speed attained with absolute safety.

It crossed the Mississippi at St. Louis early in the day and was to be well across Ohio by nightfall. It is due at Washington tomorrow morning.

Under the constant care of Dr. Cary T. Grayson, his physician, the president was described as resting comfortably. Dr. Grayson spent the night in the private car Mayflower so as to be near his patient, and today he kept in close touch with the president's condition. He said there was nothing alarming in the situation but that he would insist upon Mr. Wilson's taking an absolute rest for a considerable time.

Dr. Grayson, who has been showing the strain of the long trip across the continent and back, also was in constant attendance upon the president. The president's illness, although brought to a head by his exertion in his speaking tour, is ascribed by Dr. Dr. Grayson, in large part to the attack of influenza from which Mr. Wilson suffered last April in Paris. On that occasion he was confined to bed for several days. Dr. Grayson, who has been in conferences with the other members of the "big four" consulting with them at his bedside about critical problems of the peace negotiations.

Although Secretary Tamm announced that all of the President's appointments in the near future had been cancelled, it became known that Mr. Wilson still believed he might be able to go to New York next Friday to welcome King Albert of Belgium. Other members of the party thought it likely that the plan would be abandoned, however, and that the greeting would take place instead at Washington.

Whether the President will leave Washington for the trip, Dr. Grayson has prescribed, will not be determined immediately. He will at least remain at the White House for a few days and it may be decided that the isolation desired can be secured there better than at some place away from the capital.

The President was described as in good spirits and in a telegram to the members of his family he assured them there was "nothing to be alarmed at" in his illness.

What Happens?

Beverly Bayne, who are shown in the Metro photoplay "God's Outlaw." The story being as follows:
Andrew Craig is a young lawyer, who has just won his first case. His sweetheart, Edith, has promised to marry him. He tells his mother about his coming happiness, but she does not share his enthusiasm. She pleads so

tearfully for him to postpone his marriage that he consents to do so. Mrs. Craig is stricken with illness. Andrew who has always been intensely religious, prays that his mother's life may be spared to him, but she fades away. He turns to Edith for solace, but she, believing that he no longer loves her, (Continued on Page 8, Col. 3)

LANSING URGES TREATY.

Secretary of State Lansing did not dignify the absurd statement of W. C. Bullitt before the foreign relations committee of congress with a denial, but the Secretary in an address the other day told the world that the treaty and league and urged ratification without change or reservation.

This should be answer enough for the treaty killers who pretend to place great evidence in the testimony of a man who was relieved of his duties with the peace party because of his very evident lack of qualifications. He had a growl; therefore it was the surest thing in the world that the senate treaty-killers would send for him and hear him.

Bullitt said that Secretary Lansing had disproved of the treaty and had said that the people of the United States would kill it if they knew what it contained. Secretary Lansing publicly commends the treaty and league and urges ratification without change or amendment. We think that the American people are very able to judge for themselves as between the allegations of Bullitt and the public appeal of the secretary of state, and it is only mentioned to show the lengths to which some people are willing to go to accomplish their ends.

OIL INSPECTION.

It will be remembered that some few years ago the Republicans attacked the state oil inspection department, declaring it a purely political organization, conducted at the expense of the state. We rather imagine that the report of Inspector Resch will be read with some surprise in certain quarters when it is known that the expense of conducting the department was only a trifle more than one-half of the fees collected. The total income from oil inspection was \$138,171.00 of which only \$70,127.00 was spent for salaries and expenses. Ohio taxpayers would not object if every department in the state could be administered in a way to show such a profit.

SHANTUNG ISSUE FALLS.

The Shantung case has slipped. Trampled up agitation and gross misrepresentation concerning Japan's occupancy of Shantung, made by Republican senators in their treaty fight, failed miserably when given the light of day. President Wilson's explanation and his statement that the League was China's hope of complete freedom and safety from encroachments, has been accepted so generally that Senators have switched their attack to other points.

Not one iota of American sovereignty is ceded in the treaty of peace. The treaty is the most genuinely American document and its ratification will do more than anything else to bring order out of chaos, quiet unrest, restore world commerce for the United States and prevent war for all time.

Senator Johnson is torn between two fires. The President has received a tremendous ovation in California and Johnson wants to get there and repair his fences and at the same time he wants to be in Washington to help kill the treaty.

Boston gives us the newest example of self-government.—Rochester Herald.

BRITAIN'S SIX VOTES.

Senators are appealing to every prejudice against Great Britain and to those everywhere whose impressions are not formed by thorough reading. They condemn the provision which gives the British Empire six votes to America's one in the council. Naturally those anxious to see American rights protected feel that America should have as many votes as Great Britain. Explanation, however, clears the air as it has in every other case.

Here it is given by the President. "The consideration which led to assigning six votes to self governing portions of the British Empire was that they, in effect, in all but foreign policies, have become autonomous self-governing states, their policy, in all but foreign affairs, being independent of the control of the British government and in many respects, dissimilar from it."

"It is not true, however, that the British Empire can outvote us in the League of Nations and therefore control the action of the league, because in matters except the admission of new members of the League no action can be taken without the concurrence of a unanimous vote of the representatives of the states which are members of the council, so that in all matters of action the affirmative vote of the United States is necessary and equivalent to the united vote of the representatives of the British Empire."

"The united vote of the British Empire can not offset or overcome the vote of the United States."

PRESBYTERIANS PLAN NEW ERA CAMPAIGN

In an effort to bring the spiritual forces of the church up to a 100 per cent. efficiency, the First Presbyterian church has planned a program for Sunday when 75 men and women will be commissioned as promoters and leaders for the success of the "New Era" goals.

The program has included both the Sunday morning and evening worship hours in its scope. The church officials are making an effort to have every member, both of the Sunday school and the church present at the two services.

The pastor, Rev. C. G. Hazlett will preach on the subject "The Faith That Wins," and the commissions will be awarded after the sermon.

"The financial prosperity of the First church this summer has been remarkable," says a statement issued by Rev. Mr. Hazlett. "The campaign for the elimination of the church debt met with a response that has been an inspiration to the leaders and membership of the church. While the pledges were taken on a three-year basis enough money came on the first call from the pledges September first to reduce the debt by considerably more than one-half."

"The immediate movement now on foot is to bring the spiritual forces of the church up to one hundred per cent efficiency. The inaugurated plan will be fully launched at the Sunday morning service. The presence of every member is urged for this loyalty service. A cordial invitation is extended to the public to witness this service with the assurance that the First church welcomes and appreciates the co-operation of all."

"Tis said a woman is a bird
That dearly love to coo.
Until you're married, then my word,

I'll say to you, right out and out,
"No bird like this for mine."

Oh no, I'll take my dog and gun,
My fishing pole and such,
And we will sure, when all is done,
Enjoy life over much.

And I will say to my dog Dan,

While looking straight at me,
Will wag his stubby tail and say
Bow, wow, correct you be.

ASK THE COUNCILMEN.

Solicitor Ashcraft blames the city council for continuing his fight over technicalities, which if successful would reduce the present telephone rates and the wages of the employees of the company.

The members of council, whom the solicitor thus hides behind, are:

Messrs. P. W. Faust, Frank Knauber, T. A. Bazler, C. W. Redman, J. R. Ashbrook, J. P. Baker, T. D. Keyes, S. O. Riggs and Lester S. Newkirk. We print their names so that we will remember who the city councilmen are, not that they are unknown to citizens, but because we are all of us forgetful when so many persons are involved.

As you meet these councilmen on the street during the next day or two ask them just when they ordered the solicitor to make this foolish fight and just what form the order took and upon whose advice they acted.

If they did so order and so acted on their own initiative, ask them what information they had to act upon, what facts were in their possession that impelled them to order the solicitor to run over to Columbus every few days at the expense of the city, to begin and continue this legal fight.

If they acted on facts, be sure to ask them for a list of said facts. We would be very glad to publish this list of facts, so that we all may know whether they were sufficient or not.

By all means ask these councilmen questions; it might develop that the councilmen are not now in favor of reducing the wages of the employees of this company. Ask them and see.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Hallen, Carpenter, 6062 Marceline Avenue, Massapequa, N. Y. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

WAR WORKERS SHOCKED TO FIND AMERICA FORGETS

Mrs. W. H. Lewis Says Sacrifices of Yankees in World War Ade No Longer Remembered Here.

Mrs. Josephine Lewis, wife of Dr. W. H. Lewis, both formerly of Newark, has arrived in Cincinnati. She went abroad with the Red Cross in January, 1918.

She was chief of the hospital at Brest, and has met all the notables who passed through the port returning with photographs of many. Mrs. Lewis says she was greatly shocked to find that America had already forgotten the sacrifices of her soldiers.

In the little red book of Mrs. Lewis are the names of all the notables who passed through the port of Brest in the past two years.

Signatures in the unique autograph album include those of President and Mrs. Wilson ("Edith Bolling Wilson") in the center, in the whole book and of General John Pershing's. There are signatures of 41 generals and of two lieutenants and of two lieutenant generals, of Secretary of War Baker, ambassador and Madame de Jassaud, Charles G. Schwab, Colonel Theodore Roosevelt, son of the late former President; Mrs. Borden Harrison, John, Finlay and General George Goethals, who added the inscription, "To the noblest spirit of the Red Cross." Other notables are Henry C. Davison, Admiral E. Guipratte, the sisters of Secretary of War Lansing, the Belgian ambassador, Baron de Guey de Marchienne, and his wife, and Cardinal Mercier.

Mrs. Lewis accompanied the party of Cardinal Mercier and the Belgian ambassador to the United States, and she also holds as her chief treasure a personal letter from Cardinal Mercier. The letter reads:

"To Mrs. Josephine S. Lewis of Newark, O.:

"I am so glad to be able to express my appreciation of the noble work done by the American Red Cross in the field and am aware of the measure in which the soldiers and civilian population of my country benefited by it. With my blessing.

"CARDINAL MERCIER.
"Archbishop of Moline."

These are the outward and visible signs of work the former Newark woman accomplished as chief nurse at the most famous hospital of the entire war zone, the one in which sick and wounded men were cared for on the last stage of their homeward journey.

Because of the information she possesses and her personal achievement, arrangements have been made by the Government for special interviews with Mrs. Lewis. For this purpose she is to return to Washington in a short time.

"What I can not recount myself to," she said, "is the forgetfulness of our people at home. It struck me like a blow, when I landed in New York. I did not expect to find that the sacrifices of our wounded men, who played the hero part in the hospital quite as much as they did on the battlefield, already is a thing of seemingly remote interest. This must not be. America must not forget. She dare not. For Germany has not forgotten. Germany is biding her time. I visited there before coming home and I know."

MORMON SECRETS TO BE REVEALED

Two Speakers Against Mormonism and Polygamy Will Deliver Series of Lectures Here Beginning Monday.

A series of 10 addresses will be delivered in Newark and Granville beginning Sunday, in connection with the nationwide campaign against Mormonism being conducted by the National Reform association. The addresses will be delivered by Mrs. Lulu Loveland Shepard who has been called the "Silvertongued orator of the Rockies" and Dr. J. M. Tibbets, campaign manager. The association is seeking a federal amendment to the constitution making polygamy a crime in every state.

In a statement issued by Dr. Tibbets, it was said that the campaign has for

its purpose the enlightenment of the public on the teachings of mormonism, with a view to preventing the spread of the influence religiously and politically.

Mrs. Shepard will speak on the subject, "Mormon Temple Secrets" a lecture for women only. Sunday at 3 p.m. at the First Presbyterian church; Tuesday at 2:30 p.m. at the Baptist church at Granville and Thursday at 7:30 p.m. at St. Paul's Lutheran church.

She will speak to men and women on "The Mormon Menace" Sunday at 7:30 p.m. at the Negl avenue church; on "The Living Traffic and the Mormon Church" Monday at 7:30 p.m. at the East Main street M. His subject for these addresses will be "America's Greatest Peril."

OHIO FEDERATION OF WOMEN'S CLUBS

(By Mrs. George Elliott McCormick, Director of Press)

It is very important for all delegates to the twenty-fifth annual convention of the Ohio Federation of Women's clubs to know that their dues must be paid before October 1 or they will not be entitled to vote. They will receive only a visitor's badge if dues are not paid by the date indicated. A receipt for dues of your organization for the current year from the state federation must be presented by delegates to the committee on credentials.

If your dues to the state federation have not been paid send the amount required immediately to Mrs. H. E. Mygatt, No. 175 Evergreen street, Cincinnati. Dues can not be paid at the convention.

Payment of the loan scholarship fund is just as important as an obligation. Scholarship fund dues may, however, be paid at the state convention.

The official call for the state convention in Cleveland October 13 to 17, and the credential cards were mailed last week. If federation or club presidents failed to receive them, Mrs. Prentiss E. Rood, state president, No. 735 Grove place, Toledo, should be communicated with at once.

We feel sure that club women will make due allowance for mistakes noted in the official call when they understand that Mrs. Rood was unable to read proof on the copy after it left the printer's hands. Mrs. Rood has been kept at her summer home at Lakeland, Mich., fighting hay fever.

One of the line features of the coming state gathering will be the big reception following the banquet, Thursday evening, October 16, when each living past president of the Ohio federation will be in the receiving group with her official family.

A program of uncommon attractiveness in every way has been prepared by Mr. Scholtes, quartermaster of the Cleveland Federation of Women's Clubs, which is the largest city federation in the United States. Among the splendid treats not heretofore mentioned will be numbers by Mr. Scholtes, quartet of the Cleveland Federation of Women's Clubs, and a light organ recital by William B. Colson, with Miss Lila Robeson as soloist.

Arrangements will be made for visits to places of general interest in and about the Forest City. Requests for trips of this kind should be made at the information desk not later than Tuesday noon, October 14.

Wednesday a reception tea will be held at the Young Women's Christian association building. Thursday there will be a motor tour of the city and another tea.

Delegates and members of their families paying full fare of not less than 75 cents to Cleveland can buy return tickets home at one-third fare, provided that there are not fewer than 250 persons, who, on buying their tickets to the convention from all sections of the state, have requested certificates. Be sure, when purchasing tickets for Cleveland, you ask for a certificate, not a receipt.

Immediately on your arrival at Hotel Statler, convention headquarters, present your certificate to the endorsing officer, Mrs. Walter E. Schutt.

Mrs. William Harley Porter, corresponding secretary, has gone to California to visit her son, Captain William N. Porter, who is stationed at Ft. Winfield Scott, San Francisco.

NOTICE!

Final Payment of Escrow Fund To Gas Consumers

THE FINAL PAYMENT OF THE MONEY HELD IN ESCROW TO THE CONSUMERS OF NATURAL GAS FROM AUGUST 1, 1915, TO MAY 1, 1916, WILL BEGIN ON WEDNESDAY, OCTOBER 1, 1919, AND WILL BE PAID FROM A ROOM ON THE GROUND FLOOR OF THE MASONIC TEMPLE BUILDING, AT THE FOURTH STREET ENTRANCE.

The money being refunded is only to those persons who consumed gas during the time covered by the above dates, and FOR NO OTHER TIME.

The money refunded the last time, two years ago, covered a period of fifty-two months; over four years, while the money to be paid out this time is only for nine months, less one year—therefore the amount to be refunded to each person this time will be much smaller, averaging about one-fourth of the amount received the last time.

Any member of the family can get the check (except children), but it will have to be endorsed by the person in whose name it is issued before a Bank will cash it. Any Bank or merchant will cash the check. The office will be open from 8:30 A. M. until 12:00 and from 1:00 until 4:30 P. M., as the checks must be kept in the Bank at night.

Payments will be made by Wards, as follows:

First Ward—Wednesday, October 1st, and Thursday, October 2nd.

Second Ward—Friday, October 3rd, and Saturday, October 4th.

Third Ward—Monday, October 6th, and Tuesday, October 7th.

Fourth Ward—Wednesday, October 8th, and Thursday, October 9th.

Fifth Ward—Friday, October 10th, and Saturday, October 11th.

Sixth Ward—Monday, October 13th, and Tuesday, October 14th.

If you have not the time to stand in line you can get your check any time after the above dates when the rush is over.

It would be well to find out at once, if you do not know, in which Ward you live. It will save both of us time, which would be taken in asking and answering questions, if you would fill out the blank below with the necessary information and present it in calling for your check.

Name of person who consumed gas. (Use name card came in).

Places where gas was consumed. (Give streets and numbers.

Any further information will be gladly given if desired.

Because Every Day Milk makes you independent of ice man and milkman—because it is always fresh and pure, always ready—because it gives you twice the richness of milk for less money—Every Day use Every Day.

Wall Street.
New York, Sept. 27.—Crucible steel,
 one of the sensational features of
 today's stock market was again con-
 spicuous at the strong and active open-
 ing of today's session, adding almost
 seven points to yesterday's 15 point ad-
 vance. General Motors, another leader
 of the previous session, gained almost
 five points and advanced in other in-
 dustrials, especially steel equipments and
 motors, ranged from one to three points.
 United States Steel was barely steady
 but tobacco, oil and food issues gained
 one to two points, rails also making
 moderate advances.

Stocks recorded highest prices of the
 week during the short but very ac-
 tive session, the significant feature be-
 ing the strength of steels and other
 shares identified with that industry.
 Extreme gains of 2 to 10 points in
 these issues were largely retained. Cru-
 cible Steel again leading. Motors and
 other specialties rose to 5 points,
 equipments 1 to 3 with a minus for
 oils, while shippings gained 2 to 7 and
 sugars 2 to 10. Leather, textile and
 United States Steel were moderately in
 movement but tobacco was irregular.
 The closing was strong.

Chicago Grain Review.
Chicago, Sept. 27.—Week end activi-
 ties on the part of shorts tended today
 to even the corn market and so too did
 the fact that deliveries on September
 contracts had been smaller than ex-
 pected. The opening which ranged from
 a half cent decline to 3-8 cent advance,
 with December 1.22 3/4 to 1.23 1/2 and
 May 1.21 to 1.21 1/4 were followed by a
 moderate upturn more or less round.

Chicago, Sept. 27.—The close was un-
 settled 3-4 cents net lower to 3-8 cent
 and with Dec. 1.25 1/2 to 1.26 and
 May 1.21 1/2 to 1.22 3/8.
 Oats showed independent firmness
 which was associated more or less con-
 tinued advances in foreign exchange
 rates. After opening 1-8 to 3-8 up in-
 cluding December 1.09 1/8 to 1.10 1/4 the
 market sagged a little and then rose
 higher than before.

Provisions were lifted by the action
 of grain and hogs. The best demand
 was for lard.

 creamery 49 to 50c.

HOW CANDY MINTS RELIEVE BOWELS OF BURDEN

A delicious, appetizing candy mint has now taken the place of strong salts and cathartics, harsh purgatives and nauseating oils as a laxative. Partola Tablets are as easy to eat as after-dinner mints and have not the slightest taste of medicine. Children ask for them and grown ups like to eat them.
 Partola Tablets—"The Doctor in Candy Form"—are a mild and gentle yet thoroughly effective tonic-laxative made of the purest of peppermint candy with the laxative qualities added. They are prompt and thorough in their action, cleaning the bowels and liver of all accumulated impurities, helping to purify the blood and giving new life to overworked and tired-out digestive organs.
 For many years Partola Tablets have been the favorite candy mint laxative of thousands of people all over the country. Try Partola by eating two tablets tonight before retiring. You'll wake up in the morning feeling wonderfully better. At all drug stores, 25c. 50c. and \$1.00 boxes. Trial size, 10c.—Adv.

The photoplay to be shown for two days commencing Monday. It was to have been seen three days, but through a mistake in booking Edna Goodrich in person will be seen the 3rd day, Wednesday. The story of a Temperamental Wife is as follows: A popular little debutante with loads of money, as well

left New York on a Sunday. Miss Goodrich telling her manager that she would leave New York on Monday and arrive in Schenectady in plenty of time for the afternoon performance. At 10 o'clock Monday Manager McDonald of the VanClyffe Theatre in Schenectady received a telephone message from Miss Goodrich saying that she was still in New York but that she hoped to get there in some way and that matinee was not to be called off. Manager McDonald immediately started saying things about actresses in general and one in particular. At 12:35 however he changed his opinion and was all smiles for at that hour an auto drew up in front of the Theatre and out stepped Miss Goodrich wearing a leather cap and a long leather coat.

Now for the facts. The International Aerial Derby between Mineola, N. Y. and Toronto for a prize of ten thousand dollars was held a few days before. Sergeant Coombs flying a D. H. 9 with a 400-horsepower Liberty motor had finished the trip between the two cities. Miss Goodrich had been a life-long friend of Sergeant Coombs and on Sunday he had promised Miss Goodrich that he would make the trip with her to Schenectady on Monday. Miss Goodrich went to Roosevelt field on Monday morning and it was from here that she had called Manager McDonald on

lovely when she learns that her love is reciprocated. Miss Farrar is seen at the Alhambra tonight for the last time. A comedy that is pleasing is also shown.

Here's a Favorite.
Olive Tell is one of the favorites of the screen. You remember her in "To Hell With the Kaiser," "The Girl and the Judge," "The Smugglers" and

Olive Tell is coming to the Alhambra theatre tomorrow in "The Trap," which Universal has made into a photodrama full of heart interest, love and the struggle of minds and muscles. "The Trap" is a miracle of dramatic situation. For it was written by Richard Harding Davis, whose master hand developed the thrills, the suspense, the anxiety, the blessed relief that made his story famous.

Tomorrow Manager Elden is presenting Clara Kimball Young in one of her great feature pictures and there will also be shown that eccentric comedienne Miss Gate Henry in a breezy comedy. The Billy Malone company will also present a musical concert.

aware that her fiancé was a wonderful lover. Oh, how that boy could love! Billie's belief regarding her sweetheart's prowess as a Romeo was further strengthened when she paid an unexpected visit to his office one morning to find a plump little brunette stenographer sitting snugly in his lap. That put the kibosh on men so far as Billie was concerned.

Of course Billie's little heart was broken. But her pocketbook was as healthy as ever so she motored off to a most delightful summer resort where gossiping about the affairs of others, continually wrangling with servants, motor-boat wrecks and ants in the dining room served to keep thoughts about one's self to the minimum.

Speaking to the chairwoman at the resort for the rich, Billie maintained positively that King Solomon might have been pretty bright but that his doctrine of a thousand wives for one man wouldn't go with her at all.

"I want a man who will love no one but me," said Billie. "He mustn't speak to other women. He must be mine, all the time, heart and soul, from tooth to toe-nail."

And one old maid who had been trying for twenty-six years to land a husband, stuck her tongue against a false tooth, wrinkled her left eye, which manipulation operated a corrugation of wrinkles and said wisely:

"There ain't no such animal." But there was!

phone at 10 o'clock. It was just ten minutes later that the plane carrying Miss Goodrich and Sergeant Coombs rose from the field at Mineola. The trip was being made in record time when near Albany Sergeant Coombs was forced to land on account of engine trouble. An auto was procured at this point for Miss Goodrich who made the trip into Schenectady arriving there at 12:35.

While her surprise trip did not turn out as planned Miss Goodrich still has the satisfaction of knowing that she was the first one that has ever made a trip by aero plane in order to keep a theatrical engagement.

Miss Goodrich will be seen here at the Auditorium on Wednesday evening, October 1st.

ALHAMBRA.

Lila Lee.
George Melford, who directed "The Cruise of the Make-Believes," the new Paramount picture in which pretty Lila Lee makes her bow to the screen public, and which will be shown at the Alhambra theatre Monday and Tuesday, goes on record as saying that the little star's quickness in learning the difficult aspects of screen acting is little short of marvelous.

Although she is only 16 years old," said Mr. Melford, "I have found Miss Lee the most intelligent novice in screen acting that has been brought to my attention in nine years of directing. I say novice, for although Lila had eight years of acting experience on the speaking stage when she came into the pictures, she knew nothing of

atrical companies will soon travel by air.

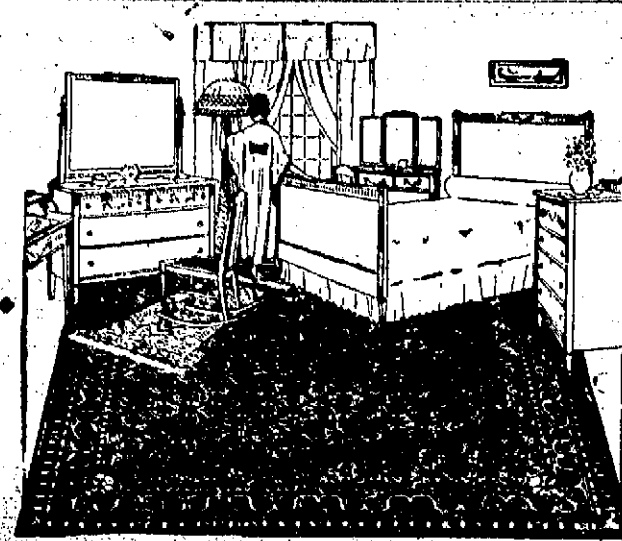

Beautiful Edna Goodrich who is appearing in the French farce "Sleeping Partners" believes that the time is not far distant when theatrical companies will, for the most part, travel by aeroplane. To many this might seem ridiculous. However when one considers the enormous weight these machines can now carry, and the fact that the United States government at the present time has an aero mail service between some of the larger cities, and that tons of mail are daily carried in these machines, Miss Goodrich's ideas about theatrical companies traveling in this manner might be a possibility after all.

"Sleeping Partners" was scheduled to open the season at Schenectady on Monday or Tuesday. Miss Goodrich was determined to prove that her plan could be carried out to a certain extent even at the present time. The company had

screen technique until a few weeks ago. But in her test pictures she gave a splendid indication of the acting that was to follow. The tests revealed a beautiful little girl with a mobile face, who passes swiftly and naturally from one expression to another, and who is absolutely devoid of self-consciousness.

Geraldine Farrar.

With not one tame or uninteresting moment in the latest Geraldine Farrar release, "The Stronger Vow," now at the Alhambra theatre the world-renowned Goliwyz star is given opportunity to portray all the emotions that can engulf a beautiful girl in a whirlpool of tragedy, intrigue and love. Flirtatious and arch is the diva when, as Dolores de Cordova, she meets her future lover at a carnival, vindictive and cruel when she swears to kill the man who killed her brother, yielding and femininely sweet and
